

BOARD TO DISCUSS ABORIGINES' CASE

Complaints about conditions for aborigines at the Lake Tyers station will be considered at a meeting of the Aborigines' Protection Board tomorrow.

The Premier (Mr Hollway) said today that the board would issue a statement after the meeting.

Yesterday the Chief Secretary (Mr Dodgshun) said his department had nothing to fear from an inquiry into the administration of Lake Tyers station. He had visited the settlement last week, and he was so satisfied with conditions that he did not consider an inquiry necessary.
